**Request for Certificate of Correction
Under 37 C.F.R. § 1.322 and 1.323**

Attn: Certificate of Correction Branch

Commissioner for Patents
PO Box 1450
Alexandria, VA 22313-1450

Sir:

It is hereby requested that a Certificate of Correction under 37 C.F.R. §§ 1.322 and 1.323 be issued for the above-captioned United States Patent. This Certificate of Correction is being requested due to mistakes which appear in the printed patent. These mistakes were made by both the U.S. Patent and Trademark Office and by Applicant. The mistakes made by Applicant are of a clerical or typographical nature, or of a minor character. Patentee(s) submit that correction of these errors does not introduce new matter.

Specifically, the printed patent contains the following errors for which a Certificate of Correction is respectfully requested:

At column 5, line 46, "tranmistter" should read --transmitter--. This is a typographical error made by the **Patentees** in the Specification as originally filed on September 12, 2003.

At column 5, line 48, "guadrphase" should read --quadrphase--. This is a typographical error made by the **USPTO** and is correct in the Specification as originally filed on September 12, 2003.

At column 11, line 16, "programmer" should read --programming--. This is a typographical error made by the **Patentees** in the Specification as originally filed on September 12, 2003.

At column 12, line 58, "FFF" should read --FFT--. This is a typographical error made by the **USPTO** and is correct in the Specification as originally filed on September 12, 2003.

At column 14, line 9, "Telecomunications" should read --Telecommunications--. This is a typographical error made by the **Patentees** in the Specification as originally filed on September 12, 2003.

At column 19, in Table 14, under "Comments," line 1, "prefrably," should read --preferably,--. This is a typographical error made by the **Patentees** in the Specification as originally filed on September 12, 2003.

Remarks

The above-noted corrections do not involve such changes in the patent as would constitute new matter or would require reexamination.

A completed Form PTO/SB/44 accompanies this request, with the above-noted corrections printed thereon. Accordingly, a Certificate of Correction is believed proper and issuance thereof is respectfully requested.

This request is accompanied by payment of the fee set forth in 37 C.F.R. § 1.20(a). Fee payment is provided through online credit card payment authorization. The Commissioner is hereby authorized to charge any fee deficiency, or credit any overpayment, to our Deposit Account No. 19-0036.

Respectfully submitted,
